### Environmental management system policy statement

The Flying Pig Backpacker Hostels acknowledge the harmful effects its business operations have on the environment. We commit ourselves to the preservation of our environment by reducing these effects to the fullest extent.

We foster this commitment through the implementation of environmentally sustainable processes, pollution prevention, and a continual improvement in the design and implementation of our services on offer in regards to the environment.

### Environmental policy

1. We strive to minimize any possible damaging effects to the environment which may result as a consequence of our activities.
2. We will comply with all applicable environmental laws and regulations, and continually try to stay ahead of these.
3. We encourage the integration of environmental considerations into business planning and decisions.
4. We will effectively communicate our commitment to the environment to our employees, suppliers and guests, as well as promote awareness and accountability to environmental issues to help us implement our environmental policy.
5. We will continue to look for opportunities to improve our environmental performance by evaluating the results of our environmental policy and set goals for further improvement on a yearly basis.
